# Custom Programmes

IIMB's custom programmes are tailored solutions designed specifically for executives from a single organisation or a consortium. The programmes are meticulously crafted keeping in-line with the specific requirements of the stakeholders. They offer a unique opportunity for open and transparent discussions enabling deeper learning while also addressing organization-specific challenges and opportunities and context.

## Target Audience

Our custom programmes are specifically designed for executives and managers in senior and middle-level management who are top-talent/high-performers/ high-potentials for future leadership.

## Customised solutions for unique challenges

Every organization has its distinct set of challenges. We collaborate closely with our clients to understand their specific needs and tailor solutions to address them.

## Client-centric methodology

Our approach begins with a comprehensive Learning Needs Analysis. We engage with key stakeholders and participants through diagnostic studies to craft a detailed programme structure.

The tailored programmes integrate various components, including:

- Conceptual frameworks
- Business cases
- Action Learning Projects (ALPs)
- Assignments
- Group exercises
- Role-plays
- Business simulations
- Industry connects
- Social events

Each element is carefully structured to enhance the learning experience and drive insightful outcomes.

On successful completion of the programme, participants are awarded a certificate of participation by IIMB.

## Programme Duration and Format

Our custom programmes offer flexible options to suit the organization's requirements.

- Varied durations, starting from a minimum of 3 days
- On-Campus, Live Online, or Hybrid (combination of both) formats
- Optional overseas learning component, in partnership with an accredited international B-school

## Transformational Benefits

## Success Stories

### Leadership Development Programme for Green Energy Transition Research Institute (GETRI)

"The Leadership Development Programme conducted by IIM Bangalore from Feb 27 – Mar 03, 2023, was well structured and focused on developing the skills and knowledge relevant to GUVNL officers' roles. The professors were highly experienced and knowledgeable in their respective areas and they shared their insights in a clear and engaging manner. The trainers encouraged participation and facilitated discussions, which made the learning experience enjoyable and rewarding. The programme's delivery was exceptional, with a perfect blend of theoretical concepts, practical case studies and interactive sessions. It was a comprehensive and engaging programme that provided valuable insights into industry practices and leadership. Thank you, professors and organizers at IIM Bangalore for an excellent programme!"

**Alka Yadav**

Director,  
Green Energy Transition Research Institute (GETRI)

### Enhancing public sector capacity for Ministry of Finance

"The five-day training programme on Capital Structuring Decisions and Project Finance was structured and curated to address the challenges of government projects. The pedagogy effectively blended theory and real-life experiences, providing participants with valuable insights and practical solutions."

"The extensive training programme helped participants overcome their apprehensions and gain a deeper insight into resolving project implementation challenges."

"We appreciate IIMB's expertise and look forward to conducting more such programmes to enhance public capacities."

**Anand Kumar Pal**

Adviser Department of Economic Affairs  
Ministry of Finance, New Delhi

### Accelerating growth for senior leaders at Labcorp India

"Labcorp India's Leadership Alchemy (LILA) programme, in partnership with IIM Bangalore has been instrumental in transforming our senior leaders. This customized programme provided valuable insights into local market trends, global industry developments and regional growth strategies."

"Our leaders - enriched with knowledge - applied their learning through Action Learning Projects, analyzing real data to drive practical solutions and future planning. The programme enhanced their skills immensely, fostering innovation, broadening perspectives and strengthening collaboration."
